BUDGET FOR 1935

Chapter 129, Laws of 1927 require the selectmen to make up a budget for the year ensuing. For 1935 poor relief requirements are uncertain, otherwise expenses for 1935 should not vary greatly from previous years unless special appropriations are made. Copies of the budget will be posted with the warrant as by law proscribed.

Valuation, April 1st 1934	\$433,704.00
Estimated valuation, April 1st, 1935	\$435,000.00
Total expenses, for 1934	\$18,552.43

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Dalton, in the County of Coos, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Dalton on Tuesday, the 12th day of March next, at 10 o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the year ensuing, and make appropriations for same.
3. To raise such sums of money as may be necessary for the maintenance of highway, bridges, and breaking roads.
4. To see if the Town will accept State Aid or raise money to accept a special appropriation from the State.
5. To raise amount necessary to pay State and County taxes.
6. To raise amount necessary for the support of the public library.
7. To see how much the Town will vote to pay on the Town debt.
8. To see if the Town will vote to raise money not to exceed \$300, to secure C. W. A. or similiar funds for rebuilding the sheds to house the road machines, snow plow etc.
9. To see if the Town will throw up subject to gate and bars the road from the Union St. turn to the Simeon Fiske Place, also the road from the Otis Elliott turn to the turn near the D. M. Ruggles Farm.
10. To see if the Town will repair or discontinue the Dean Bridge Road so called.
11. To transact such other business as may lawfully come before said meeting.

Given under our hands this 12th day of February, 1925.

F. H. Simonds,

H. W. Blaklee,

Thos. F. Smith,

Selectmen of Dalton.

SUPERINTENDENT'S REPORT

To the School Board of Dalton:

I am pleased to submit the following report relative to the schools of Dalton:

The treasurer's book shows a balance on June 30 last of \$680.44. On the pages headed "School Board's Estimates" you will find the budget of proposed expenditures for the present school year as revised in October, and the budget for the next school year as proposed at the present time. Following the budgets are the estimates for receipts for this year and for the next year. On the basis of the estimated necessary expenditures and the probable receipts an appropriation of \$5,000.00 is needed for next year.

Plymouth Normal School has assumed greater financial responsibility in the operation of the high school during the past two years and has reduced the tuition rate. The Normal School now pays for the fuel and for the janitor service and for all instructional expense such as books, supplies, and equipment. The rate of tuition charged to the district is \$70.00 for high school pupils, grades IX to XII, and \$50.00 for junior high school pupils, grades VII and VIII.

The budget for this year presented last March for your consideration was for an expenditure of \$9,595.14. The budget sent to the State Board of Education in October for approval for state aid had about the same total, \$9,574.14, but had been corrected in accordance with our latest information relative to needs for this year. The amount expended for repairs had been greater than the estimate of last March and the district had been obliged to assume the amount of \$300.00 towards the improvements in the town building. On the other hand the salaries of teachers and the expenditures for high school tuition totalled less than the estimates of last March. Only slight revision has been necessary since as shown in the budget on page — . The balance of next June 30 will be small, probably about \$100.00. The budget for next year is somewhat smaller than for this year. Probably an appropriation of \$5,000.00 will be sufficient to operate the schools. A slightly smaller appropriation would tend to lessen the efficiency of the

schools and would not materially decrease your tax rate.

During last summer you made extensive improvements in the school buildings at Scott's and at the Union Road, and enlarged the grounds at No. 9. The Scott's building was painted inside and out, some of the old double desks were replaced with single ones and other minor repairs were made. At the Union School the old double desks were all replaced with single desks. The citizens living near the No. 9 building cooperated with the school board to enlarge and fence the school grounds. The upper grades room at No. 1 has also had new pupil desks and some minor repairs since the last report was written.

New teachers' desks and chairs will be placed in the Union and No. 9 school buildings soon. The No. 1 building should be painted on the inside and out. The interior of the Union building should be painted. The grounds at Union and No. 9 should be cleared of rocks and smoothed and a new fence should be built around the Union grounds. If possible, some playground equipment should be purchased. If the present school buildings are to continue to house your children for an indefinite period of eight or ten years, better heating and better toilet facilities should be provided. Jacketed stoves radiating heat through the room uniformly, and chemical toilets are now specially designed for school use and have proved their efficiency in all differences of temperature experienced in this section of New England. Their installation in these buildings should be considered if your vision of a central school building can be realized only in the distant future. It is possible that one school a year could be equipped with proper heating and toilet facilities.

Miss Taylor resigned as headmaster of your high school during the summer and the normal school secured for her successor Miss Mable Pollard. Miss Pollard has had excellent training and experience in school administration and in leadership of girls and is proving popular and efficient in all of her duties. The high school seems to be having a very successful year.

New teachers were needed in all of the elementary schools this year. Miss Horan and Miss O'Neill are graduates of the new three year elementary course of study at Plymouth and the others are graduates of the two year

course. Miss Colby has had one year of experience. All of these teachers are doing good work in their respective positions. All have inspired an excellent spirit of cooperation among their pupils. Good order and good will seem to prevail in their buildings.

During the past two years standard intelligence tests and standard achievement tests have been given to all pupils. New permanent record cards and new pupil rank cards have been put into use. The test records and permanent record cards are studied with the teachers in the consideration of their plans and of the progress of individual pupils. The teachers will welcome inquiries and suggestions from parents, relative to their pupils at any time.

I have enjoyed the two years spent in the service of your district. In all of my efforts for the improvement of instruction and for better school opportunities I have found you and the parents and other citizens sympathetic and cooperative.

Respectfully submitted,

DANA S JORDAN
